PASTOR'S NOTE

Definition of "Legacy" by Meriam Webster

- 1: a gift by will especially of money or other personal property
- 2: something transmitted by or received from an ancestor or predecessor
- 3: a candidate for membership in an organization (such as a school or fraternal order) who is given special status because of a familial relationship to a member

"It has been said that we either leave or are given a legacy. Of the three definitions above, I found the third definition to be the most intriguing. One who is given a special status because of a familial relationship. I John 3:1 says, "Behold what manner of love the Father has given to us, that we should be called children of God." And how do we become the children of God? John 1:12 says, "But as many as received Him, to them He gave the right to become children of God, even to those who believe in His name."

When we accept Jesus Christ as our personal Savior, we receive "familial status." We become children of God and partake of the benefits as children of God. What benefits may that include?

- Eternal Life
- Holy Spirit Power for a Transformative Life
- Sufficiency for our needs
- Peace amid life's crises

And much more can be added to this list. Let me ask, "Which of these familial benefits have you claimed? Which of these need to be claimed?" As we talk about God's Legacy of Love, I just want to remind us of a familiar quote, "With membership comes privileges."

Aren't you glad that we are part of the Family of God?"

Pastor Manny
