## PASTOR'S NOTE

The Oxford dictionary defines "Monumental" as "great in importance, extent, or size." This week was truly monumental as we had over 120 kids attend our church VBS which includes over 20 preschoolers. Why was it monumental? Was it monumental because of the outstanding decorations? Was it monumental because of the excellent programming? Was it monumental because of the delicious meals and the fun activities? Maybe all the above. In addition, I believe it was monumental because one cannot underestimate the importance and impact that VBS can make on the kids, families, and even volunteers. We have seen the impact of VBS as we know that our own Pastor Lambert was a product of VBS as a child. As you can see, when God does something big, it is monumental!

This week, I was so impressed with the quiet and strong leadership of Rommel & Daphne Dionson and their team. This couple chose to accept this huge role of being our VBS Directors in spite of not having done it before. God blessed them by surrounding them with committed leaders and volunteers. You see, I believe that God does not often call the equipped, but he equips those that He calls. I pray that their example becomes an inspiration to many who may be hesitant to heed God's call to minister because they feel that they are not properly skilled for the task. If God calls you, step up and step forward! God is not only wanting to do something big, but He is also ready to do something monumental.

Pastor Manny
