PASTOR'S NOTE

When was the last time you enjoyed the benefits of a shade from a tree? The one that stands out for me was a palm tree in Palm Springs during a visit where the temperature was over 100 degrees. The thing about benefiting from tree shades, is that you have to be close to that tree to benefit its shade.

We will be looking in to this challenge of hopelessness through the lens of Isaiah 61:3. I can't help but wonder. Are we in dire need of hope (shade) because we are no where close to the (tree) God our creator?

Thank you for choosing to join us in our Sabbath worship. We are glad you are here. Every Blessing!

~Mark Sigue
