PASTOR'S NOTE

Ellen White writes in Adventist Review 02/21/1888, "Faith is the first round in the ladder of advancement. Without faith it is impossible to please God. But many stop on this round, and never ascend higher. They seem to think that when they have professed Christ, when their names are on the church record, their work is completed."

Our theme for this sermon series is "Freeing Faith." What does this mean? Does our Christian walk end with faith, or does it begin with faith? In Ellen White's passage, she writes that our faith is the starting block in our Christian growth. As we study about faith this month, my prayer is that we begin to understand what faith leads us to do in our Christian journey.

Thank you for joining us today in worship. Please join us for the entire month as we explore how faith shapes our Christian walk and impacts the world we live in until the day of His coming.
